Dear Mr. Browning,

On behalf of the Orange County Transportation Authority (OCTA) and Padilla & Associates, thank you for participating as a Workshop Presenter and Exhibitor at the OCTA "Bridging the Gap" Small Business Training Workshop Series Event, held on July 20, 2000.

Based upon the preliminary information and feedback received thus far, it was truly a successful event for all, with over 100 participants from the small business community attending the training workshops, networking and/or visiting the exhibit hall throughout the day. Vision Quest's participation in this valuable Workshop Series has contributed to the success of "Bridging the Gap".

Again, thank you for your participation in the OCTA event. Padilla & Associates commends the professionalism and dedication demonstrated by all representatives from participating agencies, the business community and trade organizations in attendance, to ensure success of the event.

Sincerely,

Virginia Abadessa
Manager, Contracts Administration & Materials Management
